

SCHOLARSHIP ANNOUNCEMENT

2014-2015

SOCIETY OF FIRE PROTECTION ENGINEERS, Greater Saint Louis Chapter

The goal of this scholarship fund is to provide educational assistance to students who are seeking a degree in engineering and show interest in the fire protection field. It is also intended to promote the fire protection industry by encouraging students who are inclined to become Registered Professional Engineers and practice in the St. Louis area.

VALUE:

The top applicant will receive **\$3,500** for the school year. If applicable, a second applicant will receive **\$2,500** for the school year.

QUALIFICATIONS:

1. Full time student with minimum 60 credit hours by 6-1-14 in an accredited engineering curriculum at BS or MS level.
2. Financial need, past academic achievements, community involvement, and association with fire protection will be considered in the scholarship selection process.
3. Association with St. Louis and/or consider working in St. Louis after graduation.

APPLICATION DEADLINE (postmarked by): **April 15, 2014**

Applications are available from your school financial aid department, engineering school, or on our website at: ***<http://sfpe-stl.org/scholarships.html>***

Submit application to: **Patrick C. Bastow, P.E.**
